Rainy Day Matinees: Follow us on Facebook or Instagram for updates: on rainy days, come to library for a kid-friendly matinee in the community room. Drop in!

Summer Reading Program Description

Every participant in the summer reading program will be issued their own fabric book bag beginning July 8. Participants will earn a pin for the bag if they bring their bag back each week to pick up their activities. 1 pin/child.

Each week, summer reading is centered around a different theme. Take home packets are offered each week with activities, crafts and treats

BY REQUEST: the library can check out 2-4 books /week for your child, chosen by reading level and interest. Please let us know if you're like to participate in this.

Prizes will be given for most minutes of reading, most checkouts, most events attended, and most "stretch" books (books at upper end of child's reading level) read. many prizes will be given out. Every child who completes the program will earn a free book and the free book bag, plus toys and treats!

The focus of summer reading this year is "all together now"- so many of our events are designed to be collaborative with community members. We hope that the entire community comes together to participate in our special events and projects!
